About the Facilitators:

Sister Eileen Curteis and Sharon Elizabeth Burkmas

Sister Eileen has practiced and taught Reiki for many years in Victoria, British Columbia. **Sharon Burkmas** also is a Reiki practitioner and worked for many years with other non-profit societies.

In 2010, they co-founded the **Queenswood Holistic Healing and Spirituality Society**. They now co-teach in the region and travel to bring the gift of Reiki to others. What makes their training unique is that they are open and welcoming of all traditions recognizing the universality of the Reiki healing gift. While honoring and revering the eastern healing art of Reiki, they acknowledge how this all embracing inclusive gift flowing from a Divine Source can just as readily enhance the Christ conscious healing Energy from a Christian tradition as well as that of any other tradition. For more information please access their website at: www.queenswoodholistichealing.ca
